HARVEST

2018 was a particularly atypical year, compared to previous years. From a climatic point of view, the cold, dry winter meant that major constraints in the availability of water were to be expected. After late growth of the vines, the occurrence of long-awaited rain, in the early spring, enabled fast vegetative development and good recovery of the vines. The occasional outbreak of diseases in moments such as August, made it unfeasible to achieve a good production potential. In addition, scalding of the grapes prior to the harvest dashed any major hopes of a productive year. Focusing on quality it was possible to ensure that the harvest led to high-quality musts and structure, thereby making it possible to produce wines with a fresh and elegant character.

ALYANTIJU TINTO (RED) 2018

We interpret our origins.

Here there is something that is genuine and intense, which evokes the incomparable essence of the Alentejo – its density, fragrances and depth. This wine could only have come from the Alentejo.

A serious wine that is true to its terroir, a unique combination of robust origins, sophistication and precise solidity. A timeless wine with a strong and lasting personality. Our nostalgic spirit tells us that time is infinite.
